

# A Silent Greeting

*My dearly  
beloved will return  
to me today.*

*Soon, he will walk  
through these doors  
and stand before me.*

*He went off to  
fight a war in a distant  
land, but he is coming  
back to me now.*

*My heart is so full  
of love, I want to be  
the girl that you would  
want to marry.*

*But the power of  
disgrace has finally  
overcome me.*

*The window, which has  
previously felt like a cage,  
feels truly blessed now.*

*He is coming home!  
He is finally coming  
home! My love, you are  
even more beautiful  
than April.*

*Could anyone I wish to  
stay awake to spend time  
have mercy on me...*

*I will soon hear his footsteps  
as he climbs the stairs...*

*When we finally reunite...  
I wonder what I should say  
first. However, my closed eyes  
and those sleepless nights are  
not allowing me to speak.*

Don't look at me  
like I'm your enemy  
I don't want

and placed thirty cross  
carrying thirty leaves on  
my lap as I cried

Slowly...

Slowly...

The End
